

Primary 3 Weekly Overview 25th - 29th January 2021

Context for Learning- Scotland

Social Studies and Sciences

This Monday, the 25th of January, is known worldwide as Burns Day. Robert Burns was a famous Scottish poet and songwriter. This week we will be learning about the importance of his work. You will have the chance to learn and perform different Scottish poems and songs, and to write your own!

- Watch the [video](#) about Robert Burns to learn some facts about him.
- Look at the PowerPoints on Seesaw to learn some fun Scottish words and sayings!

Language

Writing:

LI: To write an [acrostic poem](#) on Robert Burns.

Don't forget any free writing you want to do can be done using your jotter in the learning pack you were given.

Grammar:

- Your grammar tasks will be uploaded onto our class Seesaw page.

Spelling:

- Continue using your spelling words and common word list to set yourself a challenge for the week (it was in your initial home learning pack). Only choose a handful of words, do not try to do them all at the same time. Perhaps someone at home could give you a test to find out which words to focus on? Can you write some sentences using your words? Write them out using the Look, Say, Cover, Write, Check method.
Could you create some word art? You could upload a picture on Seesaw of anything you have been doing! As an additional challenge, can you continue to use topic words and try to learn their spelling e.g. famous, inventor, discovered, remembered.

Reading:

- Continue to read several times a week with an adult to ensure understanding. Reading for pleasure is so important for children's vocabulary development, and a great opportunity to escape into the world of the imagination too. Please keep your teacher updated with your reading via seesaw. If you are struggling to find something to read, then try: [Storyline Online](#) it has hundreds of books read by leading actors, with animated versions of illustrations and some activity packs too. [Audible Stories is another free resource](#). There are lots of stories that you can listen to. No subscription or login needed. You could also listen to a story from the [Cbeebies website](#).

Maths

Instructions: Please click on the resources that you need and they will open up a webpage with the documents. If you are unable to print, then you can write your work in your yellow jotter which is in your learning pack.

Multiplication/Division:

1. Multiply by 4: Watch the [video](#) first and then complete the [worksheet](#). You can have a go at [marking your own](#) work
2. Divide by 4: Watch the [video](#) first and then complete the [worksheet](#). You can have a go at [marking your own](#) work.
3. 4 times table: Watch the [video](#) first and then complete the [worksheet](#). You can have a

	<p>go at marking you own work.</p> <p>Shape:</p> <p>Lines of Symmetry: Watch this fun video first then complete the worksheet. Answers.</p> <p>Symmetry games have also been uploaded.</p> <p>Keep practising on your TT Rockstars account – send challenges to your friends to keep it fun! You can also send me some challenges so keep practising so you can beat the teacher!</p>
--	---

<p>Expressive Arts</p> 	<p>Music - Learn the 'Selkirk Grace' by Robert Burns. Watch all three videos.</p> <ol style="list-style-type: none"> 1. https://video.link/w/cgvHb 2. https://video.link/w/vgvHb 3. https://video.link/w/ygvHb <p>Art and Design: Portrait of Robert Burns in the style of Andy Warhol. Design your own tartan.</p>
---	---

<p>Technology</p> 	<ul style="list-style-type: none"> • Design and build your own castle from lego or blocks choosing features of or basing your model on a Scottish castle.
--	--

<p>Health and Wellbeing</p> 	<p>PE - This is the FINAL WEEK of the PE challenge, where you are encouraged to get outside and active once a day to log miles for your house! Remember you can walk, run, cycle or scoot. All miles handed in by 12pm on Friday will count!</p> <p>Emotion Works - This week there will be a chance to learn more about the Green Cog. The Green Cog helps us to think about behaviours linked to emotions. For example, when you're excited you might cheer, or when you're sad you might sob. There will be a choice of activities this week. One will ask you to be very active (and a bit crazy!) and make a wee video to share with your teacher, the other will be a sorting activity that you can do on paper or using an app on your iPad.</p> <p>Outdoor Learning - Thank you for continued participation in Outdoor Learning, it is fantastic to see all your photos! This week the theme is local birds. Tasks offer the chance to learn more about local birds in the area and how we can all help them in the winter. The weekend (29th-31st Jan) is the RSPB's annual Garden Birdwatch so the tasks include the opportunity to take part in this and learn more about the work of the RSPB. Happy Birdwatching!</p>
---	--

<p>Modern Foreign Languages</p> 	<p>To maintain some of our German skills we will continue to direct you to the Duolingo website as our suggested resource to sign up free to. You can then work your way through the programme starting with Basics 1, The Basics 2, Phrases etc ...at your own pace, if you wish. There will also be some clips and suggested activities to look at via the new BBC bitesize website.</p>
--	--

<p>Religious and Moral Education</p>	<p>We hope you are learning a lot about the stories Jesus told called The Parables. This week's parable is about The Wise and Foolish Builders. Watch these two clips Minecraft Bible Story and Lego - Wise and Foolish Builders. There is even a song you can listen to and join in the actions. In your home learning jotter, take notes about the story like you do in class. Then watch the video again to draw a story board in words and pictures. Once you are familiar with the story, write it in your book remembering to use punctuation such as full stops, question marks and exclamation marks. You can draw a picture of your favourite part of the story. Try building a house of bricks maybe with Lego, on Minecraft or with objects in your house and take a picture to post on Seesaw. There will be a video assembly this week for you to watch.</p> <p>A link for this will be provided to you on Seesaw by Friday morning. Mrs McQueen will address the whole school, including announcing the House Points winners for the week and the Star Pupil for each class.</p>
---	--

Thank you for your continued support. If you have any questions or concerns, please contact gw08girrityjennifer@glow.sch.uk gw20mortonrebecca@glow.sch.uk

We will be giving out house points and feedback via the Seesaw app – these will contribute towards our class and school targets as they would in school!
