## **Weekly Update** **Friday 9<sup>th</sup> February 2024**

Dear Families,

We reach the half way point of the term and it has been lovely to see how hard working and motivated our children have been. It has been a very busy and positive start to the term and we look forward to this continuing after our break. I wish you all a relaxing February Holiday and look forward to a busy term ahead.

### **Internet Safety Week**

This week we have had a whole school focus on internet safety. Children have been learning the importance of staying safe online, using the internet safely at home and rules regarding social media and posting online. This is an important message for all our children to learn and we would ask you to reinforce this learning at home. Further information can be found on our website.

### **Reporting to Parents**

Class Teachers are in the process of writing reports this term. These will detail progress in your child's learning to date and next steps and will be sent home later in the term. Attached to this week's update is guidance on the ways in which we report on your child's progress and learning throughout the school year.

### **Holiday Safety**

If your child is going to be out and about enjoying half-term break, you may want to give them some reminders about letting you know where they are going, who they are with and what time they are due to be home.

You might for example want to encourage them to use tracking tools such as "FindMy phone" or similar tools on their device as a safety measure and to remember to keep enough charge in their phone/device so they can contact you if they need to or to let you know if they are going to be late.

You can find useful advice/information in the NSPCC [Keeping children safe](#) guide.
