

Literacy

Reading

Daily reading in class, working on fluency, expression, prediction and summerising as well as set reading to be completed at home.

Comprehension tasks will reinforce understanding of texts. Read, Write Inc. is continuing on Monday, Tuesday and Wednesday.

Writing

Our focus this term is information reports. The children will be given opportunities to create reports linked to our Voyage of Discovery: 'Scotland and beyond' focusing on Scottish wildlife, weather and climate.

Spelling

Wraparound spelling lists will be sent home for children to learn and challenge themselves as part of our daily routine.

Listening and Talking

Children will have the opportunity to talk about Scottish wildlife and present it at an assembly.

Voyage of Discovery

To Scotland and beyond!

We will be comparing Scotland to other climate zones regarding the land use, housing needs for the communities, weather and climate and the impact this has on plants and animals.

We will also be exploring ways to measure, record and report the weather.

Lastly, we will be looking at the water cycle.

Numeracy & Mathematics

We will focus on:

Developing our mental strategies,

Consolidating place value,

Addition and Subtraction within 1000

Multiplication and Division

Problem solving

Shape and symmetry linked to our voyage of discovery through houses.

Expressive Arts

This term we will be learning to express our thoughts and feelings through art.

We will be learning to express and accept feedback by creating and listening to a wide range of music.

We will be preparing a class assembly to present to an audience, and also be an audience for others for an opportunity to give feedback.

Curriculum Overview

Class: P3

Block: 1 2 3 4

Important Information

Our PE sessions are on Thursday, please make sure that they come dressed in PE clothing, with their uniform in their bag.

Homework

Reading books and spelling are given out on a Monday to be returned on Friday. We read most days in class, therefore please ensure that reading packets come to school every day. Read, Write Inc. books are given out on Wednesday to be returned the following Wednesday.

Health & Wellbeing

In RSHP, we will be looking at

- Family
- Feelings and safety
- Similarity, diversity and respect (linked to our Voyage of Discovery.
- Keeping clean

We will also be continuing on with building resilience.

PE

Fitness (to include 2 weeks Cross Country)

- Learning about the importance that self-motivation, perseverance and a positive attitude have on personal achievement.
- Understand the changes that happen within the body during exercise.

Creative Dance:

- Creating sequences of movement in response to a theme
- Moving in time to a rhythm, beat or music
- Developing creativity and imagination
- Performing as part of a group, with an audience

Gymnastics

- Learning to perform a broad range of balancing, rolling and jumping skills on the floor mats and on a variety of apparatus.
- Developing individual creativity by linking skills together to create a sequence.
- Learning how core strength helps us perform successfully in Gymnastics.

Ball Games

- Developing passing, receiving, dribbling and movement skills.
- Linking these skills together within skills practices and fun games.
- Learning how determination and resilience can help to achieve success.
